

# DIGI@TER

A transnational program initiated by the WCLLL  
and financed by ERASMUS +

**UNESCO Program concerned: ODD 4**

Deployed over 3 years (Juin 2017 - Juin 2020)

DIGI@TER aims for the social and professional inclusion of young people not in education, employment, or training (NEETs)

through :

- training in the digital professions
- And the acquisition of transversal competencies (soft skills)

The WCLLL initiated the project and involved 5 other partners:

- Two territorial vocational training organizations (Belgium and France)
- A regional university with a digital department (Roumania)
- A regional chamber of trades (Germany)
- A regional association for sustainable employment assistance (Portugal)

This program includes:

- conceptualisation,
- regular exchanges and meetings of partners in each of the countries involved,
- implementation,
- full-scale experimentation simultaneously in the 5 countries,
- evaluation of the results.

- and an issue

Take advantage of this action research for the inclusion of NEETs to consider its transferability to other industries and countries around the world.

After overcoming some constraints:

- The requirements of the Erasmus + program (quota and recruitment of young people)
- The "realities" specific to each country concerned
- The lack of stability of the teams in each country (professional mobility)

The restitution will take place during the  
Vith WORLD FORUM for LIFELONG LEARNING  
which will be held in BRUSSELS (Belgium),  
at the House of International Associations  
On the 18th and 19th of June, 2020

With a strong and joint presence of:

- UNESCO
- The European Union

With the participation CL ONG
